## ABSTRACT

This document provides enrollment data for each of Maine's public and private degree-granting institutions. The document is divided into three parts. Part 1 displays fall enrollment for the 2000-2001 academic year and compares these figures with 1999-2000 enrollment data by institution, by gender, and by full- and part-time status. Part 2 displays fall enrollments for the 2000-2001 academic year by institution, age distribution, gender, and full- and part-time status at the undergraduate, first professional, and graduate levels. Part 3 displays fall enrollments for the 2000-2001 academic year by institution, gender, racial/ethnic category, and full- and part-time status at the undergraduate and graduate levels. All three parts include a summary of totals for each institution and a total for all institutions. During the 2000-2001 academic year, 21,870 men and 32,222 women enrolled in Maine's public and private colleges and universities, reflecting nearly a 4.7% increase over the 1999-2000 academic year. (Contains 32 tables.) (SLD)

## INTRODUCTION

This Document provides enrollment data for each of Maine's Public and private degree granting institutions. The document is divided into three parts. Part I displays fall enrollment for the 2000-2001 academic year and compares these figures with 1999-2000 enrollment data by institution, by gender, and by full-and-part-time status. Part II displays fall enrollments for the 2000-2001 academic year by institution, by age distribution, by gender, and by full-and-part-time status at the undergraduate, first professional, and graduate levels. Part III displays fall enrollments for the 2000-2001 academic year by institution, by gender, by racial/ethnic category, and by full-and-part-time status at the undergraduate and graduate levels.

The figures reported here have been derived from the fall enrollment data submitted by each of Maine's degree-granting institutions in response to Integrated Postsecondary Education Data Systems (IPEDS) surveys compiled annually for the National Center for Educational Statistics (NCES). The fall enrollment survey is one of ten postsecondary education instruments administered through the Maine Department of Education in cooperation with the United States Department of Education. To date, NCES does not compile educational statistics for private business, trade and technical schools, hence, this document does not include enrollment data unique to Maine's proprietary institutions.

Part I- III include a summary of totals for each institution as well as a total for all institutions. During the 2000-2001 academic year 21,870 men and 32,222 women, for a total of 54,092 students, enrolled in Maine's public and private colleges and universities. This total reflects nearly a 4.7% decrease over the 1999-2000 academic year when 23,183 men and 34,462 women, for a total of 57,645 students, enrolled in Maine's higher education institutions.

This document was prepared by Kimberly Stowers, a Margaret Chase Smith Center for Public Policy summer intern in the Department of Education. The Department acknowledges her valuable assistance and this contribution to higher education in Maine.
